Cthulhu Alphabet (Hardback) Goodman Games, 2020-03-24 An A-to-Z reference for Lovecraftian mythos design! A is for Angles, B is for Books and C is for Cultists. Game masters of any rule system will find twisted inspiration for creating madness-inducing game ingenuity from ancient, underground worlds. This tome contains haunting text and cleverly authored random tables to help you create necronomic stories of forbidden traits, dangerous powers, and lore transcribed from the ravings of madmen. Beware the fear-provoking illustrations by artists in the thrall of the elder gods that will haunt your dreams. All of this, and more, from the libraries of Miskatonic University and Goodman Games! This grimoire is compatible with all fantasy and horror role playing games. Made in the USA.

Eurogames Stewart Woods, 2012-08-30 While board games can appear almost primitive in the digital age, eurogames--also known as German-style board games--have increased in popularity nearly concurrently with the rise of video games. Eurogames have simple rules and short playing times and emphasize strategy over luck and conflict. This book examines the form of eurogames, the hobbyist culture that surrounds them, and the way that hobbyists experience the play of such games. It chronicles the evolution of tabletop hobby gaming and explores why hobbyists play them, how players balance competitive play with the demands of an intimate social gathering, and to what extent the social context of the game encounter shapes the playing experience. Combining history, cultural studies, leisure studies, ludology, and play theory, this innovative work highlights a popular alternative trend in the gaming community.

One-Hour Wargames Neil Thomas, 2014-09-03 A fun and practical new approach to wargaming that lets you complete a game in about an hour—includes rule sets and scenarios for most popular periods. One of the biggest problems facing wargamers is finding the time to actually play. Most commercially available

games require several hours to set up and see to a conclusion; some can even take a whole day or weekend to complete. Apart from time, lack of space can also keep wargamers from enjoying their favorite pastime. In *One-hour Wargames*, veteran gamer and rule-writer Neil Thomas has addressed both problems. Now it is practical to play a satisfying game in around an hour on a normal dining table or living room floor. The book contains 8 all-new sets of very simple rules for various periods—from Ancient to WW2—and thirty stimulating scenarios which can be played using any of them. All the rules and scenarios are intended to be played on a 3ft x 3ft battlefield. The rules only require a small number of miniatures, so this really is an ideal way for new gamers, or veterans trying a new period, to get started with minimal investment of time and money. Also ideal for a quick game in the evening with a friend. Also included are sections on campaigns and solo games.

The Helwinter Gate Chris Wraight, 2022-05-24 As the Imperium crumbles around them and darkness descends, the Space Wolves of Járnhamar Pack seek vengeance for old wrongs – whatever the cost. Isolated. Alone. Járnhamar pack are forced to flee from the judgement of their own Chapter aboard a stolen voidship, amid an Imperium descending into total war. Still pursuing vengeance for old wrongs, these Space Wolves hunt the ruins of worlds in search of an enemy who remains stubbornly hidden. Yet as the perilous journey unfolds, the pack learn their nemesis is not the only threat to their survival. They must also contend with the uncertain path chartered by one of their own, whose strange and unsanctioned powers continue to grow. Their ultimate goal of a return to Fenris – with their honour restored and oaths resworn – becomes steadily more elusive. As the Imperium's borders crumble and the long-prophesied onslaught of the Archenemy begins, Járnhamar pack must race to uncover the truth of an ancient betrayal and halt its

horror from coming to pass, lest everything they have fought for be destroyed in the coming storm.

Attack of the Necron Cavan Scott,2019-02-19 The first book in the Warped Galaxies series. An exciting new series of sci-fi books for middle-grade readers from Black Library. Brave champions and the forces of the Imperium battle alien beasts and mechanical tyrants across the gulf of space. On the hive world of Targian, Zelia Lor helps her mother search for ancient tech, digging up treasures of the past on the wind-blown plains. They are happy. They are safe. All that changes when the Necrons attack. Without warning, a host of robotic ships appear in the skies above Targian and rip the planet apart. Separated from her mother, Zelia must escape the doomed world, her only hope a scrambled transmission promising safety at a mysterious place known only as the Emperor's Seat. Launched in an escape pod, she crashes on an icy wasteland far, far from home. But Zelia is not alone. She is joined by a rag-tag group of survivors - the street-tough juve Talen, gadget-obsessed Martian boy Mekki and super-intelligent alien-ape, Fleapit.
